

## Financial Policy for Tongue and Lip Tie Services

The primary goal of our dental practice is to provide the highest quality of oral health care in the most gentle, efficient and enthusiastic manner possible. We strive to also provide a safe and loving environment to all families affected by tongue and lip ties. Since our practice is also a business with certain obligations that must be met, we do require payment up front for all tongue and lip tie services.

Payment can be made with cash, check or charge. Our office does NOT accept any form of medical or dental insurance for payment or reimbursement for this particular procedure. The frenectomy is being done for **MEDICAL** reasons and therefore has to be submitted through **MEDICAL** insurance.

Our office is not able to submit to your medical insurance as we are a dental facility. You can submit a claim by contacting your medical plan. Medical coding information will be provided to you at the time of check-out after the procedure is completed. This will be all of the information you will need in order to submit a claim.

Payment arrangements can be made upon request. Our office is able to split your total cost in up to 3 payments. We will require a down payment at the time of service and will need a credit card to be left on file for future automatic payments. A returned check fee of \$30 will be added to your account for any returned checks. Financing charges will begin to accrue on any balances left unpaid after 90 days.

---

Following treatment of your child's tongue and lip tie, you will be provided with a packet of post-operative instructions as well as recommendations for follow up with a certified lactation consultant and/or possible CST or OMT as needed. It is important to follow through with these recommendations for the best possible outcome following treatment and to prevent reattachment. If reattachment does occur due to lack of proper follow-up care and your child requires retreatment, you may be assessed a fee of up to \$125 per site.
